- (c) Within 10 working days of receipt of the application, Board staff shall notify the applicant, in writing, that the application is complete and accepted for filing, or that the application is being returned as deficient and identifying what specific additional information is needed. This does not preclude the Board of Corrections members from requesting additional information necessary to make a determination that the pilot project proposed actually meets or exceeds the intent of these regulations at the time of the hearing. When complete, the application shall be placed on the agenda for the Board's consideration at a regularly scheduled meeting. The written notification from the Board to the applicant shall also include the date, time and location of the meeting at which the application shall be considered.
- (d) When an application for a pilot project is approved by the Board of Corrections, the Board shall notify the applicant, in writing within 10 working days of the meeting, of any conditions included in the approval and the time period for the pilot project. Regular progress reports and evaluative data on the success of the pilot project in meeting its goals shall be provided to the Board. The Board of Corrections may extend time limits for pilot projects for good and proper purpose.

When deemed to be in the best interest of the applicant, the Board of Corrections may extend the expiration date. Once a city, county, or city and county successfully completes the pilot project evaluation period and desires to continue with the program, it may apply for an alternate means of compliance. The pilot project shall be granted an automatic extension of time to operate the project pending the Board of Corrections consideration of an alternate means of compliance.

 - (5) a plan for developing and implementing the alternative including a time line where appropriate; and,
 - (6) a statement of how the overall goal of providing safety to staff and minors was or would be achieved during the pilot project evaluation phase.
- (c) The Board of Corrections may consider applications for alternate means of compliance based on the relevance and appropriateness of the proposed alternative, the applicant's history of compliance/non-compliance with regulations, the completeness of the information provided in the application, the experiences of the jurisdiction during the pilot project, if applicable and staff recommendations.
- (d) Within 10 working days of receipt of the application, Board staff shall notify the applicant, in writing, that the application is complete and accepted for filing, or that the application is being returned as deficient and identifying what specific additional information is needed. This does not preclude the Board of Corrections members from requesting additional information necessary to make a determination that the alternate means of compliance proposed meets or exceeds the intent of these regulations at the time of the hearing. When complete, the application shall be placed on the agenda for the Board's consideration at a regularly scheduled meeting. The written notification from the Board to the applicant shall also include the date, time and location of the meeting at which the application shall be considered.
- (e) When an application for an alternate means of compliance is approved by the Board of Corrections, the Board shall notify the applicant, in writing within 10 working days of the meeting, of any conditions included in the approval and the time period for which the alternate means of compliance shall be permitted. Regular progress reports and evaluative data as to the success of the alternate means of compliance shall be submitted by the applicant. If disapproved, the applicant shall be notified in writing, within 10 working days of the meeting, the reasons for said disapproval. This application approval process may take up to 90 days from the date of receipt of a complete application.

The Board of Corrections may revise the minimum standards during the next biennial review based on data and information obtained during the alternate means of compliance process. If, however, the alternate means of compliance does not have universal application, a city, county, or city and county may continue to operate under this status as long as they meet the terms of this regulation.
